2. Mark the spot where the paper meets
3. Measure the paper's distance with a ruler
4. Print the chart to determine the exact ring size. Print the document out to 100%. Make sure the page scaling is set to "none" on the printing dialogue box". To size a ring you already have, lay it directly onto the chart so that the black circle touches the ring's inner circle. Or you may simply cut out the hole with a scissors and put your finger into the hole to test.
